APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source and further is subject to the provisions set forth in the ruling of the State Engineer on the above numbered application dated July 7, 1950 which provides in brief the following provisions: (1) Perforations placed in the casing must be below a confining stratum of material found satisfactory by the State Engineer; (2) Installation of suitable measuring device; and (3) Keeping record of the amount of water pumped. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.6 cubic feet per second, and not to exceed a duty of 1.5 acre-feet per acre irrigated.

Actual construction work shall begin on or before May 25, 1951

Proof of commencement of work shall be filed before June 25, 1951

Work must be prosecuted with reasonable diligence and be completed on or before May 25, 1952

Proof of completion of work shall be filed before June 25, 1952

Application of water to beneficial use shall be made on or before May 25, 1953. Proof of the application of water to beneficial

use must be filed with State Engineer on or before June 25, 1953

As filed AUG 15 1949 under 13005

WITNESS MY HAND AND SEAL this 1st day

Withdrawn by applicant
